(Last updated: January 16, 2018) Details of this review may be changed. We will update this article as often as necessary to reflect the correct information. Diono Radian RXT Diono has issued a recall for some Radian, Olympia, Pacifica, and Rainier car seats made between 2013 and 2017. When installed only with a vehicle seat belt, these seats may not work properly in an accident. Diono will send out a new chest clip and absorb energy cushion with instructions on how to replace them. From the recall notice: Car seat owners affected by this recall will be offered a free kit with an updated training guide, labels, an energy-absorbing pad that will be used in seat belt mode for type 1 (belt only) up to 65 pounds, and a new IMMI clip for breasts. Since the top tether is an important piece of safety equipment on any forward in front of the car seat, situations that affect this particular tip should be small and far between. The review does not specifically state that the recall only affects installations, although part of the FMVSS regulation (FMVSS 213 S5.1.3.1.a.1) applies only to: Children's restraint systems, except for rear and car beds. Recall Kit Diono Recall Kits Supplied by Stericycle Sorable Kits currently come from Stericycle. The boxes appear pretty innocuous, so don't be surprised if you get a box that looks like this. This your Diono Recall Kit. Diono Recall Kit The Recall Kit includes a pretty substantial foam pad, an updated chest clip, a new warning label, and instructions. More on the foam Pad Diono Recall Kit Foam Pad thickness The foam pad is about 2.5 inches thick. It is installed on top of the existing lid. Diono Recall Kit Foam pad The crotch buckle slides through slots in foam. Be sure to align the crotch buckle in the foam pad with the crotch buckle position that is used on the car seat - in other words, if the crotch buckle is in the middle position on the car seat itself, thread it through the middle position in the foam pad. The Breast Clip Replacement Diono breast replacement clip The kit also includes a replacement clip of the breast and instructions on how to change it. Label Replacement Diono to recall replacement label In addition, recall kit includes updated and instructions on where to place it. The full text of Recall Diono resembles some Radian R100, Radian R120, Radian RXT, Olympia, Pacifica, and Rainier convertible and booster car seats. When the seat is secured behind the car with a seat belt without the use of a top tether, the seat may not fail a child from injury in the event of an accident. Thus, these child seats do not meet the requirements of the Federal Vehicle Safety Standard (FMVSS) No. 213 Children's restraint systems. Remedy Diono will notify the owners, and will also provide a free set of remedies with an updated instruction that absorbs the energy pad, as well as a new breast clip, for free. The recall is expected to begin on November 22, 2017. Owners can contact Diono Customer Service at 1-855-463-4666. Affected Production Date DIONO OLYMPIA 04/12/2014 - 03/31/31 /31 2015 DIONO PACIFICA 04/12/2014 - 05/13/2016 DIONO RADIANT R10001/03/2014 - 309/05/2017 DIONO RADIANT R12001/03/2014 - 08/30/2017 DIONO RADIANT RXT11/2 5 /2013 - 09/05/2017 DIONO RAINIER 04/12/2014 - 09/05/2017 Read NHTSA recall notice. No parent should ever turn around and look at the back seat to see if their child is still alive, but if you ever do I hope you see what I saw. My child is perfectly cozy in her car seat Diono, she didn't move an inch, but she had her car seat not move in. everything around her was broken, but she was perfect. She didn't have a scratch on her. Andrea Murray I spent about four months researching which car seat to upgrade and compare each of them with any and all safety rules.... I knew I wanted something that went beyond all safety rules, and I really feel Diono did it. It's easy to set up and install.... Thank you, Diono, for making a great product in which I can feel safe by putting my children in.
